Power-Wiz Electro Limited is involved in Solar Solutions, Full Turnkey Telecommunication Works, Electrical, Fiber, Construction and Water Supply Projects. Power-Wiz Electro Limited offers a broad spectrum of engineering based projects. Since inception Power wiz Electro LTD has completed a number of projects which is the hallmark of our success.

The company's Primary goal is to achieve the highest standards in quality in all business unit practices and operations without compromise. Our objective is to continually improve our company performance, while offering our customer a safe, cost effective and professional service. Quality performance is the cornerstone of our company culture and is considered a personal responsibility of all employees. To maintain our quality performance of all business units at the highest level, we are committed to pursue the following:

- To fulfill or exceed customer needs and expectations by delivering a quality service in a consistent and timely manner.
- To cultivate and maintain the commitment to continuous improvement and communicate our goals and objectives to every employee and key stakeholders.
- Implement internationally acceptable standards for Quality Management Systems and periodically review to ensure conformity.
- Establishing competence and awareness regarding quality matters through effective training, mentoring and communication to all employees.
- Complying with applicable laws and regulations that govern industry best practice.

The success of this policy can only be achieved through the commitment and loyalty of everyone, regardless of the duties he or she performs. Through mutual respect, personal pride and team work, we will strive for excellence, continually improving our services, processes and products. We will work to be the best of what we do in every stage and level of our business. This policy will be updated and reviewed every year.
